SAVANNAH SERIES

WESTWOOD

The Westwood boasts one of the boldest flames we have ever designed. The entire bottom of the burn chamber is one big stainless pan burner and much like the DVI26,000 Champion, the flame works its way around the log set creating an incredibly realistic burn. The log set and brick set are new designs for us; the brick being a darker shale rock design and the log set is big, bold, dark and charred.

The stoves slightly more contemporary design is meant to fit in with the rest of our lineup. It is also different and somewhat modern compared to the tired traditional look of freestanding stoves out there. Modern, but not too modern. We always aim to be unique!
